

Tree Committee Charter Countryhouse at Farrington

October 15, 2024

Mission

The Tree Committee serves in an advisory capacity to the Board of Directors, providing guidance and recommendations on tree related issues including pruning, removal, planning, and budgeting.

The goal is to maintain the health of trees and the safety of our residents and properties.

Objectives

1. Proactively facilitate the pruning and removal of trees as needed, based on direct observation, community input, and professional guidance
2. Develop a long-term strategy and written guidelines for managing trees and forest areas
3. Respond to resident requests for pruning or removal as needed throughout the year
4. Communicate regularly with the Board and community on requests, status, issues, and ideas

.
